PLEASE QUIETLY AND INDEPENDENTLY (THAT MEANS
ALONE) ANSWER THE FOLLOWING WARM UP QUESTION
ON A PIECE OF PAPER

WARM UP QUESTION 2:

WITHOUT LOOKING AT ANY NOTES

What do you think a capital resource, a natural
resource, and a human resource is?

Here are the definitions!!!

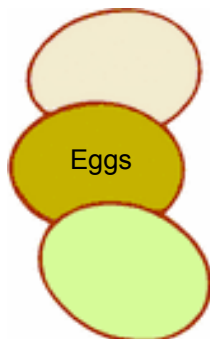

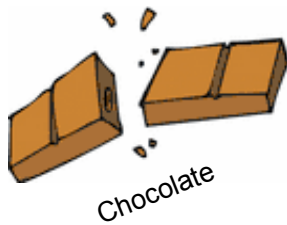

Please write these down:

Capital Resource - Tools, equipment, and buildings we use to help make (PRODUCE) things. Things that are used over and over without being used up such as trucks, computers, ' cash registers, desks, and chairs

Natural Resource - Things found in and on the earth such as water, oil, sunlight.

Human Resources - People who work like teachers, doctors, truck drivers and sales clerks.

Looking at our pictures from
YESTERDAY which of these
things could be a
Natural
Capital
Human
Resource?
